

AFNHB: MYSORE PROJECT
COMMENTS / SUGGESTIONS: A1

Regn No:.....Rank:.....Name:.....
Mobile No:.....Date:Dec 16

1. AFNHB is considering the following changes:

(a) Replacement of Kota stone flooring and dado with cuddapah / Tandoor stone for common areas (lobbies, external staircase) and internal stair case for better aesthetics and durability. This is not likely to have additional financial implication. Allottees may comment on whether they would like this to be done, even if it has an implication of increase in cost.

(b) Removal of kitchen entrance door with frame to have better access to kitchen shelves. Savings will be reduced from cost of DUs. **Allottees are requested to comment on this suggestion.**

(c) Removal of utility area door and having an aluminum window with grill at the external opening to facilitate full utilization of utility area space. Difference in cost/feasibility is being worked out. **Allottees are requested to comment on whether they would like this to be done even at additional cost. .**

2. **Other Suggestions:** All suggestions will be examined for practically and considered for implementation only on the basis of majority. Those involving additional cost will, however, add on to this cost of the DU.
