Good evening, Sir,

Would request you to please visit the site, especially on days when public events are held for allottees - the one on 26-Mar-2023 to commence the Hand-over of B2 DUs is one such case - and you'll get the latest updates. The AFNHB Teams at HQ and at site are doing their best to complete the project, in all respects, ASAP.

Should you wish to visit the site on any other day, please do so after fixing an appointment with the PD. He's very helpful and would be glad to update you on all matters and satisfactorily reply to your queries. He has to often visit different Government and related offices for follow up[on matters regarding our project. Hence my suggestion for a prior appointment.

The WhatsApp group of the Allottees is another forum for allottees to remain updated.

Best wishes,
Bharat Balsavar
